Thank you for passing this along, Joel and Dan! Did Steve attach a copy of the permit for Hickman's Arlington facility? I would be interested to see when it was renewed and how the permit covers the rotary dryer, since AZDEQ started covering it under an AgBMP permit in June.

Thank you,

Janice

Thanks Dan, our team is looking at Hickman under both CAA and EPCRA 313.

Joel – this tip on a possible air enforcement issue in Maricopa County came to me by way of Steve Brittle, from Don't Waste Arizona.

Might be something to have an air enforcement person take a look at. I was intrigued that there seems to be an applicable SIP rule. Dan

**Subject:** Maricopa County SIP and Hickman's Tonopah air permit

Link to MCAQD Rules, federally enforceable re Rule 320 Odors:

[https://www.maricopa.gov/aq/divisions/planning\\_analysis/rules/docs/320-0307.pdf](https://www.maricopa.gov/aq/divisions/planning_analysis/rules/docs/320-0307.pdf)

Link to definitions, see 200.9 and 200.10

[:https://www.maricopa.gov/aq/divisions/planning\\_analysis/rules/docs/100-](https://www.maricopa.gov/aq/divisions/planning_analysis/rules/docs/100-)

1602.pdf

Also attached is the latest air permit for Hickman's Tonopah. Condition #1 regards odors. The Hickman's Arlington facility has essentially the same permit. Only recently did the MCAQD make the facility get a permit for the rotary dryer where the raw manure is heated/dried.

Thanks,

Steve Brittle
